UFSC makes fantasy simple and

Start collecting your cards on our  
NFT marketplace or Open Sea  
and get ready to play!

**"SOUNDS NEW" "SOUNDS COMPLICATED"  
BUT IT'S NOT! HERE IS HOW YOU PLAY**

# STEP 1

- Start building your deck by buying card packs on [Open Sea](#) or [www.UltimateSportsNFTs.com](#)
- **CARD DECK = YOUR TEAM**
- You will purchase Gold Silver or Bronze packs that will include random player cards

STATS				
YEAR	TEAM	GAMES PLAYED	TOTAL FANTASY POINTS	FANTASY POINTS/GAME
2019/2020	GRIZZLIES	71	99.5	1.40
2019/2020	Grizzlies/Godfathers /Mystics	43	43.05	1.00
2019/2020	MONARCHS	59	88.52	1.50

# STEP 2

► Buy enough packs to build your deck, so you'll have enough players and action cards for a starting hand.

► Be on the lookout for power cards. These are athletes that are signed with UFFS as Digital Athletes, they have additional power within the game.

► **STARTING HAND = STARTING LINEUP**

► Buy and sell cards on the resale marketplaces to improve your deck or simply buy packs and resell.

► **BUYING & SELLING CARDS**  
**TRADING & ACQUIRING PLAYERS AS A GM**

**Now you have a deck!  
There are two ways to play**

- 1. Daily Fantasy**
- 2. Challenge games**

# DAILY FANTASY

- ▶ Works just like the daily fantasy sports you know, but with NFT sports cards.
- ▶ Hook your Phantom Solana wallet up to our daily fantasy sports page.
- ▶ The site acknowledges your deck, now set your roster for the day by placing your cards in the line up.
- ▶ Results are based on your cards' performance in the UFFS league you have chosen.

# DAILY FANTASY

- ▶ Challenge other users for head-to-head action.
- ▶ Risk SCO and capture coins from your opponent.
- ▶ Weekly, monthly and yearly challenges to come in the future.

# DAILY FANTASY

- ▶ Mainstream DFS you can use any player at anytime. With UFSC you need to hold the players card to use them.
- ▶ **HOLDING A CARD = OWNING AN ASSET**
- ▶ DFS is fun, but now you own your players as NFTS that you can buy and sell on the open market. You dont even have to play DFS, just buy packs and offer cards on the open market. No DFS platform offers that
- ▶ Be on the lookout for UFFS Digital Athletes that have added power and also partner cards that win you discounts, free products and special event access.

# CARD CHALLENGE

- ▶ You now have a solid deck (team). Time to go out and challenge other players.  
Hook up to the site challenge, post your SCO, play your cards.
- ▶ **CHALLENGE = GAMETIME**
- ▶ Remember the value of your players is always changing based on their UFFS fantasy stats. This is fantasy sports, after all.
- ▶ Play fantasy sports as much or as little as you want 24/7/365. Be it in-season or the offseason, it's game on!

# CARD CHALLENGE

- ▶ Collect your tokens. Winner takes all, minus the rake for the platform and that sport's franchises (revenue sharing).
- ▶ Tournaments and Leagues to come in future development.
- ▶ Game variations will be offered.

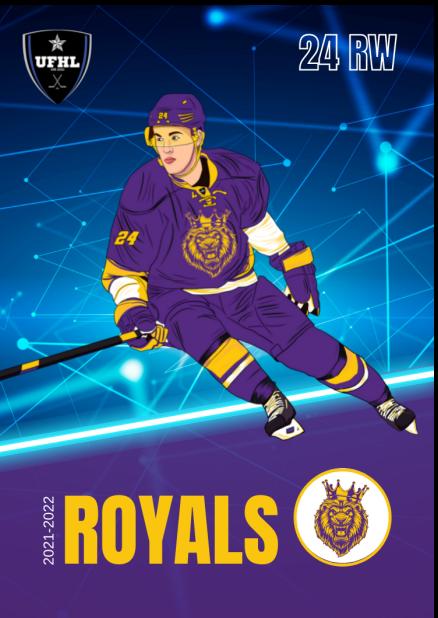

# CARD CHALLENGE

- ▶ Keep building and improving your Deck
- ▶ Buy New Packs
- ▶ Buy and sell cards on the marketplace to improve  
your team or to profit.
